

LIGHTING AFRICA

2nd International Business Conference & Trade Fair

Nairobi, Kenya - May 18th - 20th, 2010

www.lightingafrica.org

The Premier Event of its Kind on Lighting & Energy Access in Sub-Saharan Africa

One-Stop-Shop for Off Grid Lighting Markets Technologies & Products

Event at a glance

- ⇒ Conference and knowledge exchange sessions
- ⇒ Off-grid lighting trade fair (exhibition)
- ⇒ Lighting Africa Outstanding Product Awards ceremony
- ⇒ Business-to-business networking opportunities
- ⇒ Side events which focus on specific issues

An excellent opportunity

- ⇒ To interact with manufacturers, distributors, entrepreneurs, energy service companies and end-users
- ⇒ To engage senior policy makers, financial institutions, bilateral and multilateral organizations, non-governmental organizations and members of the Academia in Africa and worldwide

A unique platform to

- ⇒ Acquire industry insights on critical business and technology matters
- ⇒ Learn innovative business and service delivery models to tap into this new market where consumers spend \$18 billion annually on fuel-based lighting
- ⇒ Preview the latest industry & market trends, and forecasts including opportunities and challenges
- ⇒ Understand consumer preferences in off-grid lighting with respect to service, quality and affordability
- ⇒ Understand critical quality standards and certification issues

Lighting Africa is implemented in partnership with:

Africa Renewable Energy Access Grants Program (AFREA), Asia Sustainable and Alternative Energy Program (ASTAE), Energy Sector Management Assistance Program (ESMAP), Global Environment Facility (GEF), Good Energies Inc., Luxembourg, Norway, Public-Private Infrastructure Advisory Facility (PPIAF) and Renewable Energy & Energy Efficiency Partnership (REEEP)
